2025

CMT ORANGE TOOLS®

XTREME® ZERO GRAVITY

MADE IN ITALY

FEATURES

- Laser-cut premium-quality german steel plate made of 46-48 hrc
- Low mass plate design patented design that reduces blade mass minimizes heat
- Exclusive secured tooth geometry for very efficient chip evacuation
- Non-stick orange shield® ptfe-coated prevents overheating, corrosion, rust, reduces resin build-up, reduces blade drag
- 2023 pro tool innovation awards circular saw blade winner

Bulk Pack (10 Pcs.)

NEW FIBER CEMENT BLADES

2025
Q2/Q3

CMT ORANGE TOOLS®

INNOVATIONS

INTERNATIONAL PATENT PENDING

LOW MASS PLATE DESIGN

Patented design that reduces blade mass minimizes heat and substantially increases cutting efficiency with cordless and corded saws. More cuts. Less battery.

EXCLUSIVE SECURED TOOTH GEOMETRY

– VERY EFFICIENT MATERIAL REMOVAL

– HANDLES THICKER MATERIALS WITH MINIMUM EFFORT

New gullet design is more efficient at clearing material quickly.

The saw blade becomes lighter to feed, is faster in the cut and handles thicker materials better.

ZERO GRAVITY

EFFORTLESS CUTS

DON'T LET YOUR BLADE BE A DRAG...
